ADDITIONAL INFORMATION

Before Wedding

You can contact us through phone or e-mail to discuss details of your special day, or simply meet with us in our studio in the City Centre of Glasgow. Then we can get to know you better and understand your needs. You will also have a chance to see our product range and decide on your album. If you would like to hire us for different hours than 4 or 8 please contact us before the wedding. We usually charge **£100 for an extra hour** of our work.

Payments

All the payments regarding standard packages listed above are to be arranged with The Lodge Loch Goil staff. Additional products can be purchased after the wedding through our company or using our on-line shop.

During Wedding

Working in a relaxed and unobtrusive way we capture all the special moments of your wedding day. Group shoots can be arranged on request. We are always trying to be flexible to fit your needs.

After Wedding

We will have your private, password protected gallery of images ready for you to view on our website within about 14 working days. The image gallery serves as proofs and electronic contact sheets, from which you select the photos that you like best (200 pictures). All the 200 photographs will be carefully digitally retouched.

Album Design

After the wedding you will also choose your 80/90 photos for the wedding album. If you went with leather album you will decide on colour of the cover and pages. If your choice is the story book album we will send you our proposal of album layout by e-mail. After reaching your acceptance we will print the album. Other wedding albums are available on special request. The whole package is usually ready within 2 months after the wedding day or earlier.

Additional Products

You and your guests will also be able to order additional prints, albums and other products through on-line shop using credit card, cheque or PayPal. Some of the additional products with prices are listed below.
